and 6:30-8:00 PM at the  
Panamnik Building  
38150 Highway 96  
Orleans, CA 95556

---

## North Coast Regional Water Quality Control Board

The clinics are designed to provide growers with information and assistance with the following:

- Guidance on determining whether enrollment is required
- General questions about the Order
- Information on the Order's tier structure.
- Information on how to file enrollments and fees
- Information on third party programs
- Assistance in preparing the enrollment package (Notice of Intent and the Monitoring and Reporting Program)

Site specific analysis and determinations will not be available during the clinic, however, growers may bring site maps, sketches, images, or other information for discussion purposes. Interested participants can drop in at any time during the clinic, however, assistance will be provided on a first come, first served basis. While every attempt will be made to assist all participants, we cannot guarantee that everyone will get personalized assistance and the clinics must end at the scheduled time. Additional enrollment clinics will be scheduled throughout the North Coast Region during January and February 2016 and will be noticed through our email list subscription and the following website, at a minimum:

[http://www.waterboards.ca.gov/northcoast/water\\_issues/programs/cannabis/](http://www.waterboards.ca.gov/northcoast/water_issues/programs/cannabis/)

If you are interested in subscribing to the North Coast Cannabis Waste Discharge Regulatory Program email listserv, they can sign up here:
